

MERRY CHRISTMAS

We would like to thank all our customers for a wonderful year!

Please note our Christmas/Summer opening hours.

Acers will close for Christmas at 4pm on Thursday 20th December, and will reopen on Monday 14th January.

ProFil Finishing Kit

Autoclavable Finishing Burs

Profil finishing kit is an esthetic restoration finishing method featuring morphological quality and fast restoration ability. The set is designed to make the tough task of composite finishing significantly simpler, shorter, and more efficient while giving excellent clinical results. This set will enable the dentist to polish the composite without the need to use disc, paste, or polisher, with the benefit of a reusable autoclavable solution that saves cost over time

- ✓ No need to use polishing discs/rubber polishers
- ✓ Faster work - 10-20 seconds instead of 3-5 minutes
- ✓ Much more cost effective - save up to 75%
- ✓ No bleeding - doesn't cut the gingival
- ✓ Quick and easy learning curve
- ✓ Very durable
